

Dear Industry Vendor,

We are excited to announce the upcoming 17th Annual Conference of the Professional Ropes Course Association (PRCA)! Please join us as a Sponsor (and become a conference exhibitor; free - see below).

Your sponsorship supports our growing membership organization that's making an important difference in the Challenge Ropes Course industry.

**Our 2020 Conference is scheduled for March 5-8** once again at the Tampa Holiday Inn Westshore, just minutes from the airport in Tampa, Florida. It's an ideal venue to showcase your products while supporting our work in helping to ensure an enduring and supportive industry.

We are expecting as many as 100 attendees representing challenge course builders, operators, insurance brokers, students, camps, adventure programs, universities, and faculty, among others. Our Pre-Conference program (March 4-5) includes an industry Level 1 Facilitator Certification and Qualified Instructor Certification programs.

And, once again we will have Exhibitor Hall Socials and Raffle. Can you help? Any item you donate for the annual PRCA Gear Raffle will help support our conference scholarship program for student attendees. We also invite you to be a speaker on a topic of mutual interest.

**Your annual sponsorship of only \$750** (payable online at [www.prcainfo.org/conference](http://www.prcainfo.org/conference)) entitles you to a free booth at the conference (with an 8'x3' table covered in black linen). Your corporate logo will be displayed on our website, newsletters, and social media pages all year and on digital displays at the venue.

Exhibit Hall Social Sponsors for Friday or Saturday are available for only \$250 in addition and will also be acknowledged. (Finger foods and light meals with drinks.)

Visit our website Conference page to reserve your hotel room or call (813) 288-3628. (\$149/night, Holiday Inn Westshore, 700 N Westshore Blvd., Tampa, FL). *Discounted conference hotel rooms are available until 2/7/20.*

We're building a community of professionals that work together to focus on participant and instructor safety while sharing valuable insights that help each member organization and staff grow and thrive! We hope you will join us this year as a valued partner of PRCA!

Thanks for your consideration and please let me know if there is any further assistance I may provide.
