

## **SAFETY ALERT – PEGUET MAILLON RAPIDE BATCH A.19.04 8MM ZINC PLATED MAILLON RAPIDE**

### **Stop Use – User inspection required**

PRCA Safety Alert / Technical Advisory Committee:

The purpose of the PRCA safety alerts and technical advisories is to disseminate current and recently acquired information to the industry which will aid in the prevention of accidents on ropes courses, canopy tours, aerial adventure parks and zip line tours. Where possible the PRCA will provide unbiased information related to the incidents / events, materials involved and if known root causes of accidents or near misses. When possible, the PRCA Safety Alert / Technical Advisory Committee will make appropriate contacts as necessary but the committee does not intend to perform in depth investigations into incidents, we rely upon the information provided by our members, members of the industry and other industry associations, such as the European Ropes Course Association and YOU.

Please forward any questions or comments about this safety alert / technical advisory to [info@prcainfo.org](mailto:info@prcainfo.org) with the subject line “Peguet Safety Warning 4-2/2021”.

#### **Background:**

Peguet, issued a safety warning on April 2, 2021 calling for a user inspection of all 8mm zinc plated Maillon Rapides. The PRCA became aware of this safety warning through internet sources and verified the advisory through the Peguet website.

#### **Issue:**

A new unused 8mm Maillon Rapide, lot # A.19.04 was found by a user to have a crack on the surface of the rod. There have been no accidents or injuries associated with this issue at this point. Contact Peguet at [peguet@peguet.fr](mailto:peguet@peguet.fr) , [www.peguet.com](http://www.peguet.com) if you find any products with similar defect.
